FIERAVICOLA

GIORNATE DI CONIGLICOLTURA ASIC 2011

Fiera di Forlì, April 8-9, 2011

– *Programme* –

In collaboration with

GIORNATE DI CONIGLICOLTURA ASIC 2011

Associazione Scientifica Italiana di Coniglicoltura

Fiera di Forlì, April 8-9, 2011

PROGRAMME

FRIDAY APRIL 8th 2011 (location "Sala Goberti")

9:30-9:40 Welcome and opening sessions

Giorgio Grazioso, President of Forlì Fair

Antonio Camarda, President of Associazione Scientifica Italiana di Coniglicoltura (ASIC)

Gerolamo Xiccato, President of WRSA

Claudio Cavani, President of Organizing Committee

9:40-11:30 Invited Lectures

Chairpersons: *Gerolamo Xiccato and Zsolt Szendrő*

9:40 Feed restriction strategies, implications on physiology, growth and health of the growing rabbit
Thierry Gidenne, INRA, France

10:10 Ovulation induction in rabbit does: a review. *Alessandro Dal Bosco, University of Perugia, Italy*

10:30 Factors affecting efficacy of intravaginal administration of GnRH analogues

for ovulation induction in rabbit does. *Pilar Rebollar, Polytechnic University of Madrid, Spain*

11:00 Discussion

11:30-12:00 Break and Poster Session

12:00-13:00 Scientific communications - Session: Reproduction and Genetics

Chairpersons: *Ivan Toschi and Cesare Castellini*

12:00 Investigation of candidate genes for the *dilute* coat colour locus in rabbit. *Fontanesi L., Scotti E., Colombo M., Dall'Olio S., Oulmouden A., Russo V.*

12:15 CT-based selection for improving the carcass traits of growing rabbits. *Szendrő Zs., Matics Zs., Gerencsér Zs., Radnai I., Nagy I.*

12:30 Effect of re-insemination interval after the first parturition on the performance of rabbit does. *Matics Zs., Kustos K., Gerencsér Zs., Radnai I., Nagy I., Szendrő Zs.*

12:45 Effect of housing system on some physiological, behavioural and productive aspects of rabbit doe. *Mugnai C., Cardinali R., Moscati L., Dal Bosco A., Castellini C.*

13:00-14:00 Break

14:00-15:00 Scientific communications - Session: Nutrition and Physiology, Welfare and Management

Chairpersons: *Claudio Cavani and Antonino Nizza*

14:00 Effect of mannanoligosaccharides on performance of growing rabbit. *Bovera F., Iannaccone F., Di Meo C., Piccolo G., Nizza A.*

14:15 Effect of sugar beet pulp fibre fractions on growth performance, fecal digestibility and digestive physiology in rabbits around weaning. *El Abed N., Delgado R., Abad R., Romero C., Fernandez A., Villamide M.J., Menoyo D., García J., Carabaño R.*

14:30 Reducing crude protein and increasing soluble fibre to starch ratio in diets for growing rabbits. *Tazzoli M., Majolini D., Trocino A., Xiccato G.*

14:45 Monitoring of environmental parameters in fattening rabbit farms and seasonal trend analysis. *Bonci M., da Borso F., Mezzadri M., Teri F., Bano L., Drigo I., Mazzolini E., Agnoletti F.*

15:00-15:30 Break and Poster Session

15:30-17:00 Scientific communications - Session: Pathology

Chairpersons: *Fabrizio Agnoletti and Antonio Lavazza*

15:30 *Arcanobacterium pyogenes* as a cause of reproductive disorders in a rabbit breeding. *Cocchi M., Ceglie L., Di Giusto T., Deotto S., Clapiz L., Genero N., Bregoli M., Lenarduzzi M.*

15:45 Molecular characterization and antimicrobial resistance of *Salmonella* Typhimurium from rabbit farms in Southern Italy. *Camarda A., Pugliese N., Pupillo A., Circella E., Ricci M., Pazzani C.*

16:00 Rabbit Encephalitozoonosis: diagnostic approach and correlation among grading, immunohistochemistry and serology. *Gibelli L., Lavazza A., Tittarelli C., Rota Nodari S., C. Nassuato, Gelmetti D.*

16:15 Rabbit encephalitozoonosis in industrial farms in Lombardy: seroprevalence and biochemical parameters. *Lavazza A., Cerioli M., Archetti I.L., Tittarelli C., Brivio R., Nassuato C.*

16:30 Longitudinal study on the excretion of coccidian in rabbit farms applying an anticoccidials two-phase treatment. *Vereecken M., Chiari M., Tittarelli C., Bertinato F., Zuffellato A., Zanoni M., Schiavi P., De Gussem K., Lavazza A.*

16:45 Economics of coccidiosis prevention in rabbits: a field study. *Vancreaynest D.*

17:00-19:00 Meeting of ASIC members

19:30 Social dinner offered by Elanco - Eli Lilly Italia spa

SATURDAY APRIL 9th 2011 (location "Sala Goberti")

Round table "Management and use of drugs and vaccines in rabbit production"

9:30 Welcome and opening sessions

Antonio Camarda, *President of Associazione Scientifica Italiana di Coniglicoltura (ASIC)*

9:45 Monitoring of drug susceptibility in rabbit farming

Luca Bano, *Istituto Zooprofilattico Sperimentale delle Venezie, Sez. Treviso*

10:10 Drug usage in rabbit farming: drug surveillance topics

Marcello Tordi, *Forlì-Cesena AUSL*

10:35 Drug usage in rabbit farming: critical steps and field experiences

Francesco Dorigo, *Martini Group spa*

11:00 Vaccines employment in rabbit farming. Current situation and new issues

Antonio Lavazza, *Istituto Zooprofilattico Sperimentale della Lombardia ed Emilia Romagna "B. Ubertini", Brescia*

11:25 The activity of Italian Ministry of Health in rabbit industry

Salvatore Macrì, *Italian National Institute of Health*

11:50 The activity of FNOVI in rabbit industry: from a wrong translation to Lisbon Treaty

Eva Rigonat, *National Federation of Italian Veterinarians*

12:15 Discussion

13:00 Buffet offered by Ceva Vetem spa

POSTER SESSION (location "Sala Goberti")

Quantitative study of air contamination by fungal spores in different kinds of rabbit farms and proposal of a standardized sampling method. *Bonci M., Mazzolini E., Bano L., Drigo I., Agnoletti F.*

Rabbit Myxomatosis: the role of the diagnostic laboratory for the managing and control of the disease on the field. *Capucci L., Cavadini P., Botti G., Brivio R., Grilli G., Lavazza A.*

Application of a digital artificial vagina for semen collection in rabbit buck: preliminary results. *Cardinali R., Dal Bosco A., Moscati L., Castellini C.*

Detection of intercellular adhesion genes and biofilm production in *Staphylococcus aureus* strains isolated from rabbit. *Cocchi M., Di Giusto T., Deotto S., Bacchin C., Clapiz L., Genero N., Di Sopra G., Bregoli M., Passera A., Drigo I.*

Vancomycin resistance in *Enterococcus spp.* strains isolated from rabbits. Preliminary results. *Cocchi M., Genero N., Clapiz L., Deotto S., Di Sopra G., Bregoli M., Di Giusto T.*

Detection of staphylococcal enterotoxins in *Staphylococcus aureus* strains isolated from rabbits mastitis. *Cocchi M., Passera A., Deotto S., Clapiz L., Genero N., Bregoli M., Di Giusto T.*

Effect of feeding program before weaning on the performance of rabbit does and their kits. *Gerencsér Zs., Matics Zs., Nagy I., Szendrő Zs.*

Influence of dietary protein on blood urea level, uterine pH and reproductive performance of lactating rabbit does. *Marongiu M.L., Gulinati A.*

Trials of integration by ozonized water and vegetal extracts in growing rabbits. *Masoero G., Barge P., Chicco R., Solomita M., Zoccarato I.*

Effects of low protein diets fed to growing rabbits in varied housing and water conditions. *Masoero G., Chicco R., Solomita M.*

Acidified or integrated by Probiotan® diets for rabbit does. *Masoero G., Meineri G., Barge P., Malavasi C., Chicco R., Solomita M.*

Low protein diet for lactating does and relationships between creatinine and urea in urine. *Masoero G., Miniscalco B., Mattioda R., Chicco R., Solomita M.*

Low protein integrated by synthetic aminoacids diets for young rabbits: growth and nitrogen balance trials. *Masoero G., Miniscalco B., Mattioda R., Chicco R., Solomita M.*

The use of marination to provide added-value rabbit meat. *Petracci M., Rimini S., Biguzzi G., Cavani C.*

Preliminary results: effect of lycopene administration on semen quality of rabbit. *Toschi I., Mangiagalli M.G., Cesari V., Luzi F., Cerolini S., Marelli S.*

Growth performance and slaughter results in rabbits reared in individual, bicellular and colony cages. *Trocino A., Tazzoli M., Majolini D., Xiccato G.*

GIORNATE DI CONIGLICOLTURA ASIC 2011

Associazione Scientifica Italiana di Coniglicoltura

Fiera di Forlì, April 8-9, 2011

ORGANIZING INSTITUTIONS

Associazione Scientifica Italiana di Coniglicoltura (ASIC)

Fiera di Forlì

Fondazione Iniziative Zooprofilattiche e Zootecniche di Brescia

SCIENTIFIC SECRETARY

Dr. Massimiliano Petracci, Dr. Simone Rimini

Department of Food Science, University of Bologna

Tel. +39 0547 636128

Fax +39 0547 382348

Email: giornateasic.disa@unibo.it

REGISTRATION

The registration form is available online (<http://www.asic-wrsa.it/giornate2011.php/>).

HOW TO REACH US

By car and coach: exit Forlì on A14 motorway.

Plane: 15 minutes from Forlì airport. 45 minutes from Bologna airport.

Rail: 5 minutes from Forlì station, on the Bologna-Ancona line.

WHERE TO STAY

At <http://www.fieraforli.it/eng/hotel.html> are suggested some hotels located close to the fair.
